LOST PET

Molly from Town of Kingston

Contact: frr1800@yahoo.com

Location: 130 Ruby Rd

Date : February 5, 2018

Small, grey. female with white on her face and paws. I adopted her 3-months ago and she slipped out the door Sat night 2/3/18. She is very shy as she had a home and then the shelter I got her from found her on the street. Took time for her to let me hold her, so best to call me to come or use a bag of cat treats. She is spayed and microchipped.
