LOST PETS of the HUDSON VALLEY

FOUND PET

Found in Fishkill

Contact: dlentini19@verizon.net

Location: Merritt Blvd

Date : March 29, 2018

Black and brown adult Tabby cat FOUND Sunday, March 25th on Merritt Blvd, Fishkill. Extremely friendly; kept approaching people walking by and following them. No collar or microchip, well-groomed and well-fed. Too friendly, well taken care of, and comfortable in the home to be a stray, unless someone recently dumped him. Mostly black on back and tail, no white markings, & has

medium length hair with a sightly fluffy tail. We believe he is a neutered male. He's safe in a home until claimed. Posted on FB but hoping to have more luck here. Please contact with any information!
