Hello. Please help us find Zoe, our bluetick coonhound mix. She broke free on Thursday afternoon, 4/12/18, but the cable is probably still attached to her so she could be stuck in the woods in Woodbourne, NY. Her tracker stopped working at the road. She has an orange and red collar with geckos. She is microchipped through HomeSafe. We miss her so much and her sister, Zula,

our lab mix, misses her. Please share this post with anyone you can. My number is 845-866-8747. My husband is Ira Ehrlich and his number is 845-866-1017. Generous reward for any information leading to her recovery. Thank you!
