Please spread the word! Penny was LOST on May 11, 2018 in Napanoch, NY 12458 Near Upper Jenny Brook Rd & Chestnut Ln.

We miss her, we love her, please someone reach out if you have any news on our missing little girl. She's about 4 1/2 to 5 years old, friendly, seemingly shy

and skittish but cuddles and meows to your name calls directed at her. She's friendly with pets and humans.

Description: She's friendly with humans, other cats and dogs. She's vocal and meows preciously as if shes talking back to you after calling her name. She can seem skittish and shy but will come for cuddles and warmth. She's my baby girl and got outside after the two dogs were taken out for a long walk on Friday at 10am. Last seen and heard under trailers/houses in Shady Brook trailer park meowing at 4pm. It's been a few days, raining and now I'm scared and hope she's okay. If anyone has seen her near, and taken her in, please let this mommy know. Our animals (2 dogs and other cat all miss her dearly, especially her partner the boy cat, he's lost without her. Our family is, too). Thank you.
