LOST PET

“Oh” from Kingston

Contact: 435.255.5361

Location: Highland Ave

Date : June 21, 2019

Her name is Orius, but she responds to “Oh”. She’s friendly but really shy and can’t stand being picked up. Please be careful. She has one blue eye, one brown eye and she’s a little deaf in the ear on the side with her blue eye. Her balance is pretty bad because of it, and she was exclusively an inside cat. She’s got a little bit of a pooch but isn’t tempted by food usually.
