LOST PET

Sadie from Narrowsburg

Contact: 845.428.4691

Location: Gables Rd

Date : September 10, 2019

Lost in Narrowsburg, NY, since 8/19. I rescued Sadie from a Korean meat market and flew her into JFK on 8/18. While my son was walking her the very next day she got away from him. Our last confirmed sighting was on August 25. Although she does look like a German Shepherd, she is a Korean Jindo that only stands about knee high and weighs 20 lbs. Her tail is very bushy and

curly like an Akita. If you see her please do not call her or chase her as she will not come and will run further. Please call the number with any information.
