LOST PETS of the HUDSON VALLEY

LOST PET

Starky from New Paltz

Contact: 845 401 4499

Location: 1 Mohonk Ave

Date : May 5, 2020

Starky is a 7 year old male cat. He is squat and short and looks like a young cat. He has 7 toes on one front paw and 6 on all of the others. He has a seresto flea collar on but no tag. He is sweet and cuddly and never veers off of our property which is located next to the Water Street Market in downtown New Paltz. He does go outside but always stays near. He got out of a

basement door last night (5/4) without me knowing and has not returned so we are very worried. Anytime he is out overnight he is waiting at the window first thing. My kids and I are worried sick, please let me know if you have any info.
