**My indoor/outdoor 4-yr-old black and white cat Bandit has not returned home since 415 yesterday afternoon. I live off Welcher Ave and Sherman Ave in Peekskill. He does not have a collar on. He is mostly white on his underbelly and black on top. He knows his name is Barry, friendly but may be skittish to people he does not know. He is super curious so he may have went into**

**someone's garage without them knowing maybe they close the door? We are Worried sick.**
