LOST PETS of the HUDSON VALLEY

FOUND PET

Found in Haverstraw (Sponsored by Kimlin Energy)

Contact: 914-523-4317

Location: Lincoln St.

Date : October 27, 2021

Found in Haverstraw while trapping and neutering stray cats. This kitty went in the trap and we later found out she was already spayed so may be a lost pet. She appears to have been out for a long time. She's long haired, matted and dirty but we are getting her the medical care and grooming she needs. Cats can often get lost very far from home so even if you don't live in

Haverstraw take a look.
