Location: 14 Shagory rd

Date : May 30, 2022

Found a really sweet dog alone at the taconic state park iron mine pond in Millerton today 05/30/2022 around 5pm. The dog was with a mother and two young daughters earlier but were no where to be found once the dog

reappeared. We waited around for a couple hours before leaving hoping the family might circle back once they realized they were missing the dog.
