LOST PETS of the HUDSON VALLEY

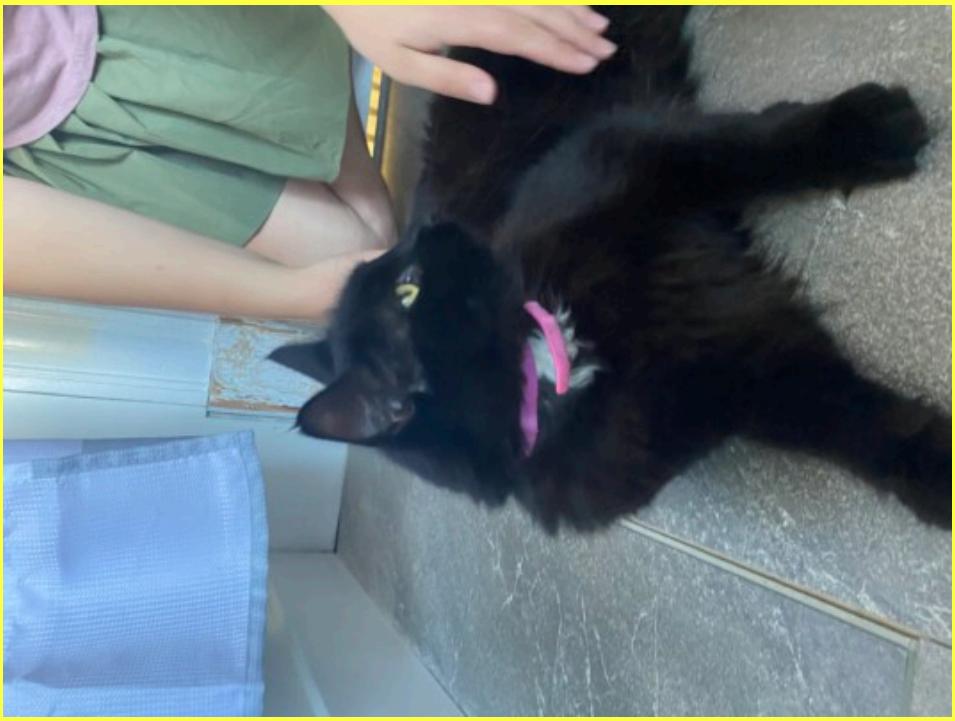
FOUND PET

Found in Kingston (□□ Sponsored by Ulster Savings Bank)

Contact: 845.532.5257

Location: 147 N Manor Ave

Date : August 28, 2022



We found a black cat with yellow eyes and a white tuft of fur on her belly wandering N Manor Ave in Kingston around 1am on August 25, 2022. We took her to Hurley Vet Hospital and checked her chip. Her name is Midnight, she's

6 years old, and is local. The vet couldn't get a hold of the owners by phone, and their info is privacy protected so we couldn't access it. I'm allergic to cats so I can't keep her, so I made an appointment at the UCSPCA for 2:30 pm August 26, 2022. We're hoping to find her owners before we have to drop her off.
