Location: 58 Dubois

Date : August 23, 2022

We found this dog in our yard around 8:30AM this morning (8/23/22). He seemed to have mobility issues and thought a broken leg... he has difficulty sitting down and cannot walk a straight line and shaking. Inside he is doing a

bit better. We are taking him to west end vet to check for a chip. He is very sweet! We have a cat unaccustomed to dogs so hope to find his owner soon!
