Location: 105 Broadway

Date : March 16, 2023

Lost female spayed brown tabby cat from Lomala in East Fishkill. She is my parent's cat and they have not seen her since Monday morning. The door blew open during the snow storm and she likely went outside and has not come back. She is 18 years old and an indoor only cat and will not survive outdoors. Hoping by some chance a Good Samaritan took her in or she is still out there.
