Contact: 845.399.2327

Location: 35 Brigham Lane

Date : March 21, 2023

His ear is clipped and his second eyelids don't close all the way, so his eyes aren't full circles, they're a little wonky. He got out the day we moved here and we haven't seen him since. He's been missing since January 4. He's skittish around people he doesn't know.
