Chewie from Saugerties (?? Sponsored by Ulster Savings Bank)

Location: 1944 Route 32

Date : April 25, 2023

Grasping at straws I know but I am looking for Chewie. He is a big guy so he wouldn't be an easy target for predators. He is a rescue my landlord is doctoring and added to his free grazing flock. He has short tail feathers and is blind in one eye because of prior fighting incidents but he has made leaps and bounds in his recovery. He's a sweetheart and loves peanut butter sandwiches as well as scratch grain and oats. His home is on 32 between

Hudson River Road and Pauline Lane in Glasco. His nighttime perch is in the lower level of the barn. I am putting this out there in case he got scared during the thunder storms and is in someone's yard.
