Hey everyone! About 2 months ago we had a cat show up at my house/the farm. We asked around for a while to see if he belonged to anyone- to no response. So, I decided to keep him. I got him neutered and have been loving him since. He has been missing for about a week now. Has anyone seen him around? Please contact me or daisey hill Farm in Millerton NY! I grew to love him very much & have been really upset since he's been missing. Please

reach out! Thank you ??
