Date : June 11, 2024

I was trying to trap my cat that got away over a week ago and I trapped several cats that are not mine.
They clearly were feral cats but one of them seems to be friendly.
I took her to DCSPCA to scan for a chip and evaluate.she has no chip but they said it is a feral cat.
She is hanging around after being released. Maybe someone had her as an

outdoor cat.
