Location: Pumpkin Hollow Rd North and Rte 7

Date : June 20, 2024

MISSING BLACK & WHITE CAT! Our cat Boots went missing near Copake Lake at the corner of Pumpkin Hollow Rd North and Rte 7 around midnight on Sunday night (6/17). He is an indoor/outdoor cat but this is an unusually long time for him to be gone and he is in an unfamiliar area. He is a neutered male black cat with white markings on his chest and paws, and a small white fleck on his forehead. He is very friendly and might even approach you for food or

attention if he sees people. He does not have a collar but he is microchipped. Please contact me or my husband if you may have seen him or have any info: 610-585-6554 (Kelsey), 949-701-7115 (Joey). NOTE: Our cat is unfortunately not the black and white cat that was picked up near Rte 22 in Copake and is now at the Copake Vet.
