Sloatsburg NY! There is a reward! My cat canelo has been missing for a week now around the area near Rhodes north tavern. My family and I have been in tears trying to find him all week! Please if you live in the area check your porches, decks, under your cars or garages! If you have even heard a cat recently in the area of Orange tpke and the streets surrounding/ behind it please text/call me at 845-659-0953 with absolutely any information! If you do see him please do not pick him up as he will fight his way out of your arms! We are just begging for his safe return as we fear he is hungry and dehydrated. I haven't been able to eat or sleep properly without him and just want him back home safely.
