This cat has been spotted behind building 40 on Tanager Road in Rolling Hills in South Blooming Grove a few times this week. We tried to catch it but didn't have much luck. Still trying. The cat is friendly. It is meowing almost constantly. Fed tuna in a carrier, but the second we get close enough to choose it, the cat wiggles out. We'll keep trying. The cat is friendly (allows petting and will approach to smell hand.)
