HAVE YOU SEEN LINCOLN?

My daughter's cat Lincoln (AKA Linx) went missing last night, Weds, May 7th, in the Village of Wurtsboro. Somehow slipped out after dark, sneaky little guy. House is 160 Kingston Ave He's a 4 yr old, neutered male tabby. Linx has 4 white paws, a white belly and white streak down his nose. He's wearing a yellow collar with mice on it, a seresto collar and name plate with phone #. He

is also microchipped. Linx is a sweet boy, but skittish of strangers & loud noises. He's dearly missed by my daughter & her two children. He also loves to explore and we're thinking he may have wandered into someone's shed or garage and got closed in.

Her backyard abuts yards on the corner of Sullivan St and Lindberg.
