Location: 108 Station Rd.

Date : June 18, 2025

Missing cat in Mountainville, New York, last seen at home but we believe he got outside and has been missing for 3 days now. He has stomatitis and is missing a canine and a few other teeth. His tongue sticks out due to this most of the time and he has a clipped ear from when he lived on the streets. He answers to Krow and is about 12 pounds.
