Last Seen June 10th or so. Top of Ohayo Mt Road near intersection of Yerry Hill Road. Friendly, but shy. Please don't approach him, but call if you see him. He's friendly to other cats, so may approach if cats are present. Black with white patches on chin, armpits, lower belly & a splotch on a back toe. Yellow eyes. Slim build & long face. No collar or chip. Thank you!
