This cat was first seen on Thursday afternoon in my driveway. I have since left out food and water for her or him and it was seen again this morning. It appears to be young maybe three months old. I don't know if she was dropped off or if she's escaped from somebody's home. I do know she is hungry because she ate almost a whole bowl of food in one sitting. I don't see a collar on her and I haven't been able to get close enough to see if it's a male

or a female. If this is your cat, please message me and we can arrange for you to pick her up.
