My cat Olivia may have gotten out when I was feeding my outside cat. She's all black with white on her chest. She's small and fluffy, she's never been outside, located in Salisbury Mills. if you've seen her please contact me. I've set a trap up outside where she may have snuck out. She's extremely fast and

skittish especially with noises. Please if anyone's seen her please let me know I'm beside myself. Looks like the cat in the pic with no ear tip I have no updated photos on my pc right now.
